SHORT COURSES PRESENTED BY THE NWU PROGRAMME IN
FORENSIC ACCOUNTANCY

INTRODUCTION

The Programme in Forensic Accountancy has been hosted since 2006 in the School of Accounting Sciences of the Potchefstroom Campus of the North-West University ("the Programme"). The Programme consists of the largest dedicated group of highly qualified and experienced lecturers in South Africa who offer both undergraduate and postgraduate degrees in Forensic Accountancy.

SHORT COURSES PRESENTED

The Programme also offers the following short courses in commercial forensic practice, namely:

- Commercial Forensic Accounting
- Commercial Forensic Law
- Commercial Forensic Investigation
- Commercial Forensic Information Technology
- Practice and Fraud Risk Management

PREPARATION FOR ICFP QUALIFYING EXAMINATION

The Institute of Commercial Forensic Practitioners (ICFP) is recognised by SAQA as a professional self-regulatory body for commercial forensic practitioners in South Africa.

All of the short courses on offer have been carefully developed, and approved by the ICFP, in order to assist those candidates who wish to prepare for the different modules of the ICFP Board Examination, should they wish to become full members of the ICFP.

This is achieved by the fact that the respective examinations following each of the abovementioned short courses also serve as the Board Examination of the ICFP. In other words, should you have passed all five of the above short courses, you have also passed the Board Examination of the ICFP required to become a full member of the ICFP.

Please note that should you wish to become a full member of the ICFP, you may be exempted from some of the modules of the ICFP Board Examination based on your prior academic learning. The exemption process forms part of your enrolment for the short courses at the NWU, although the exemption itself is decided upon by the ICFP.

SUMMARY

Please note the following regarding each of the short courses:

- Recognition:** (i) By the NWU
(ii) As preparatory courses for the ICFP Board Examination by the ICFP;
- Venue:**
- In a professional environment in Gauteng
 - We also cater for distance learning
- Duration:** 6 months (5 contact sessions – approximately once a month on a Saturday)
- Costs:** R10,750 per short course (all inclusive, i.e. registration and examination fees, all study guides and study material).
[Associate members of the ICFP in good standing may qualify for a subsidy from the ICFP. Ts&Cs apply. Please contact the ICFP for information.]

Admission requirements: Grade 12 and three years' relevant academic or practical experience.
Closing date for applications: 12 February 2021

CERTIFICATE IN COMMERCIAL FORENSIC ACCOUNTING

OBJECTIVE

This course will enable learners to have a detailed knowledge of accounting principles and transactional cycles, the analysis of financial statements and accounting records as well as the manipulation thereof in order to execute commercial forensic investigations.

COURSE OUTCOMES

At the end of the course, the learner should be able to:

- Demonstrate detailed knowledge of accounting principles relevant to the commercial forensic environment;
- Solve problems through the analysis of sets of facts and/or source documentation relating to accounting aspects of the commercial forensic environment;
- Demonstrate detailed knowledge of the following basic transactional cycles:
- Five standard business transactional cycles and the main purpose thereof;
 - Basic activities, including the sequence of each of the five cycles, core documentation within each activity of the cycles, and the relation of core documents to the main activities within each function;
 - Business risk normally associated with these activities and functions;
 - The purpose, principles, responsibility, limitations and components of internal control;
- Demonstrate a detailed knowledge of the principles of the accounting equation, the interpretation of financial position and performance relating to financial statements, and the manipulation of financial records; and
- Demonstrate a detailed knowledge of the practical application and principles behind a flow of funds analyses, including, but not limited to, the interpretation of bank statements and associated documentation as well as the determination of the source and origin of flow of funds with reliable best evidence.

ASSESSMENTS

Attendants will have to submit two written assignments and/or case studies (formative assessment) and complete an examination (summative assessment). To pass the examination, the participant must obtain a minimum of 50%.

COURSE STRUCTURE AND VENUE

The course will be presented in Gauteng (venue to be communicated) over a period of six months by means of five classes to be held on Saturdays (more or less once a month), as well as an additional session for the examination of the particular course. We also cater for distance learning.

WHO SHOULD ENROL?

This course is aimed at persons working within the commercial forensic environment with limited formal accounting and auditing knowledge within the ambit of the conducting of commercial forensic investigations.

ADMISSION REQUIREMENTS

A senior certificate (Grade 12), three years' relevant academic or practical experience.

FEES

R10,750 which includes registration fees, tuition fees, welcoming pack, lecturing material, and examination fees. Should you only wish to enrol for the examination and not the preparatory course as well, please request the applicable fee from the programme administrator, Mrs Rentia Conradie ([via email: rentia.conradie@nwu.ac.za](mailto:rentia.conradie@nwu.ac.za)).

CERTIFICATION

Upon successful completion of this course, candidates will receive a certificate from the North-West University.

REGISTRATION AND COMMENCEMENT

Registration ends 12 February 2021 with the first classes commencing in April 2021.

CERTIFICATE IN COMMERCIAL FORENSIC LAW

The course will be presented in Gauteng (venue to be communicated) over a period of six months by means of five classes to be held on Saturdays (approximately once a month), as well as an additional session for the examination of the particular course. We also cater for distance learning.

WHO SHOULD ENROL?

This course is aimed at persons working within the commercial forensic environment with limited knowledge of aspects of the South African law relevant to conducting legally sustainable commercial forensic investigations.

ADMISSION REQUIREMENTS AND DURATION

A senior certificate (Grade 12), three years' relevant academic or practical experience.

FEES

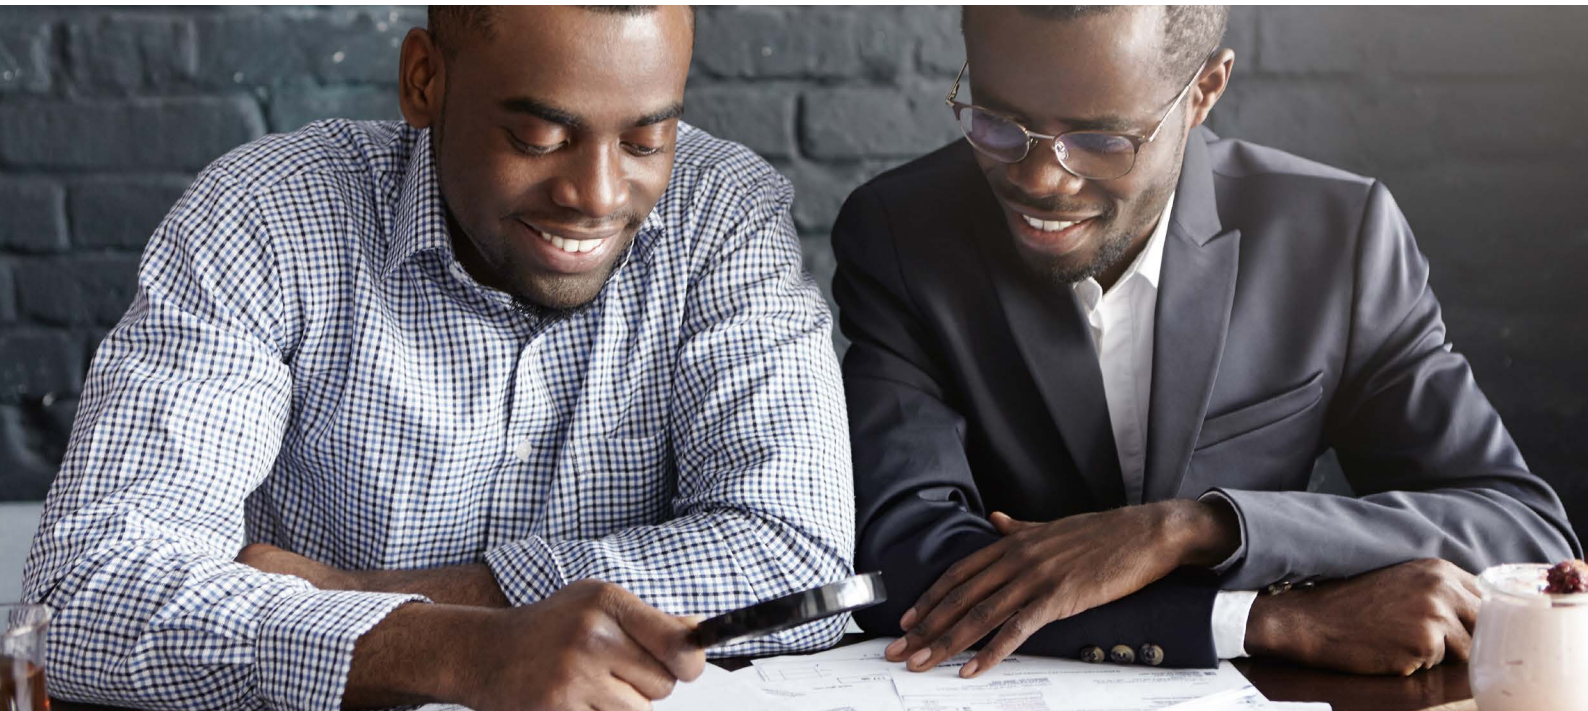

R10,750 which includes registration fees, tuition fees, welcoming pack, lecturing material and examination fees. Should you only wish to enrol for the examination and not the preparatory course as well, please request the applicable fee from the programme administrator, Mrs Rentia Conradie ([via email: rentia.conradie@nwu.ac.za](mailto:rentia.conradie@nwu.ac.za)).

CERTIFICATION

Upon successful completion of this course, candidates will receive a certificate from the North-West University.

REGISTRATION AND COMMENCEMENT

Registration ends 12 February 2021 with the first classes commencing in April 2021

CERTIFICATE IN COMMERCIAL FORENSIC INVESTIGATION

OBJECTIVE

The course will equip learners to plan, manage and execute legally sustainable and effective commercial forensic investigations within the South African context.

COURSE OUTCOMES

At the end of the course, the learner should have a detailed knowledge of:

- The planning and investigation of crime within the commercial forensic environment;
- Interviewing and related skills;
- The management of the economic crime scene;
- Introduction to the banking system and the analysis of bank statements;
- Statements (different types, the drafting thereof and relevant procedures in place);
- Search and seizures (conducting legally sustainable search and seizures within different contexts);
- Sources of information for investigative purposes.

ASSESSMENTS

Attendants will have to submit two written assignments and/or case studies (formative assessment) and complete an examination (summative assessment). To pass the examination, the participant must obtain a minimum of 50%.

COURSE STRUCTURE AND VENUE

The course will be presented in Gauteng (venue to be communicated) over a period of six months by means of five classes to be held on Saturdays (approximately once a month), as well as an additional session for the examination of the particular course. We also cater for distance learning.

WHO SHOULD ENROL?

This course is aimed at persons working within the commercial forensic environment with limited knowledge of the planning, management and execution of legally

sustainable commercial forensic investigations within the South African context.

ADMISSION REQUIREMENTS

A senior certificate (Grade 12), three years of relevant academic or practical experience.

FEES

R10,750 which includes registration fees, tuition fees, welcoming pack, lecturing material and examination fees. Should you only wish to enrol for the examination and not the preparatory course as well, please request the applicable fee from the programme administrator, Mrs Rentia Conradie ([via email: rentia.conradie@nwu.ac.za](mailto:rentia.conradie@nwu.ac.za)).

CERTIFICATION

Upon successful completion of this course, candidates will receive a certificate from the North-West University.

REGISTRATION AND COMMENCEMENT

Registration ends 12 February 2021 with the first classes commencing in April 2021.

CERTIFICATE IN COMMERCIAL FORENSIC INFORMATION TECHNOLOGY

OBJECTIVE

The course will enable attendees to function effectively within the commercial forensic environment, with specific reference to the application of forensic information technology and requirements related thereto.

COURSE OUTCOMES

At the end of the course, the learner should have a detailed knowledge of:

- Fundamentals of information technology;
- Relevant South African law relating to information technology and cybercrimes;
- Computer forensics;
- Data analytics;
- Digital evidence and digital evidence gathering;
- Data privacy and related legislative requirements; and
- Commercial forensic information technology investigations including cybercrime, network forensics, mobile device forensics, anti-forensics and forensic technology certifications.

ASSESSMENTS

Attendants will have to submit two written assignments and/or case studies (formative assessment) and complete an examination (summative assessment). To pass the examination the participant must obtain a minimum of 50%.

COURSE STRUCTURE AND VENUE

The course will be presented in Gauteng (venue to be communicated) over a period of six months by means of five classes to be held on Saturdays (approximately once a month), as well as an additional session for the examination of the particular course. We also cater for distance learning.

WHO SHOULD ENROL?

This course is aimed at persons working within the commercial forensic environment with limited information technology or data analytical knowledge.

ADMISSION REQUIREMENTS

A senior certificate (Grade 12) and three years of relevant academic or practical experience.

FEES

R10,750 which includes registration fees, tuition fees, welcoming pack, lecturing material and examination fees. Should you only wish to enrol for the examination and not the preparatory course as well, please request the applicable fee from the programme administrator, Mrs Rentia Conradie (via email: rentia.conradie@nwu.ac.za).

CERTIFICATION
