a) Academic Literacy Development (ALDE111 / ALDA111):

All undergraduate students who register at the North-West University for the first time must register for a module in academic literacy. They have to pass this module before they can graduate.

We recommend that the module be included in the selection of modules for this fee quotation, to be financially prepared should it prove necessary for the student to register for the module.

(In terms of the National Credit Act, 34 of 2005, compound interest at 4% above the prime lending rate of the University's bankers, calculated from the date on which they were due, will be calculated on all amounts in arrear. This interest rate does not exceed the maximum rate as prescribed in this Act.)

* A cost estimate for study and boarding fees for an ensuing year can at most be done on a pro forma basis. This means that the cost estimate is done approximately and only as to set out minimum requirements. The cost estimate is therefore only a guideline and not a formal offer/agreement or invoice. In the higher education context, no agreement is entered into between the NWU and the student before the student is registered as such with the NWU. The student may be accepted beforehand as part of a logistical exercise, but an agreement is only concluded when the student registers with the NWU for the specific services the NWU renders. In anticipation of this agreement, the NWU may issue a pro forma estimate indicating the expected cost, subject to final determination.

** Minimum fees are subject to approval by the Council.
